Managing Your Move with  
Care and Compassion

# Thinking about making that perfect move?

## Who are we?

Cotswold Move Manager is a professional and compassionate move coordination company. We help with the sometimes difficult task of moving house or adjusting your current living conditions.

Whether you are decluttering/reorganising your home, downsizing, moving in with family, or moving to a retirement community or care home, you can feel safe in the knowledge that your move will be planned and personally managed down to the very last detail.

## Who do we work with?

We work with private clients who are at retirement age or older, or those who have health issues and need assistance with moving or adapting their current home.

We also work with retirement developers, care and nursing homes, solicitors, health and social care professionals, estate agents and charities.

# Or staying safely at home...

You may prefer to stay in your current home. We can provide specialist support with this, from helping to reorganise and declutter your current home, to designing and overseeing tradespeople to carry out important property changes.

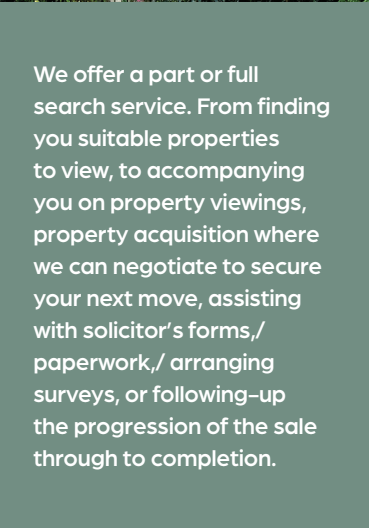

IMPROVE

  
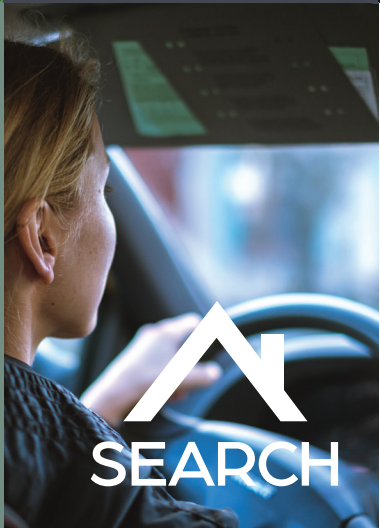

SELL

We can help to prepare your property for sale, find you the most suitable and competitive estate agents, assist with forms and providing ID, negotiating offers from potential purchasers, fill out solicitor's paperwork, house clearance and report end of move meter readings.

We offer a part or full search service. From finding you suitable properties to view, to accompanying you on property viewings, property acquisition where we can negotiate to secure your next move, assisting with solicitor's forms, paperwork, arranging surveys, or following-up the progression of the sale through to completion.

  
SEARCH

We help clients prepare for a move by sorting and packing items to bring. We work with a floor plan to establish what will fit, and where furniture will go in the new home. Excess items can then be sold, donated or disposed of. We arrange the removal company for the day of the move, where we will be on hand to unpack and get you set up in your new home.

## Kind words from our happy clients...

"Lucy helped my mother to sell her home, find the perfect bungalow and then move in and unpack, all in one day! After she lost her husband, my mother knew she would need to move but she required support to manage it. Lucy's uplifting, positive attitude made the experience positive and exciting. Her experience and skills in estate agency also saved us thousands of pounds from her impressive negotiations on selling fees and purchasing price. Highly Recommended."

**Mrs C, North Cotswolds**

"I can't tell you how grateful I am for Lucy's sterling service. Nothing daunted her, the packing was superb and nothing broken. She lifted my spirits with her kindness and humour."

**Miss W-J, Dumfries and Galloway**

"As appointed Executors of an estate in Bourton-on-the-Water, we were totally unfamiliar with the area. Lucy ably assisted us in clearing and preparing the property for sale, and advised on reliable contacts and reputable estate agents. This help was invaluable."

**Mr & Mrs S, Wiltshire**
