

Or need to clear a house, but don't know who to trust...

Managing a full or partial property clearance—whether you are acting on behalf of a loved one, navigating a sensitive probate situation, or representing a client as an executor or solicitor—can feel overwhelming, time-consuming and emotionally daunting.

We offer dedicated guidance and hands-on assistance to simplify every stage of the process.

We oversee the entire clearance with compassion and skill—from identifying valuable pieces for auction, coordinating charity donations to managing the responsible recycling or disposal of remaining contents.

Every client's circumstances are unique, which is why we provide bespoke support designed to relieve the pressure and give you complete peace of mind.

Kind words from our happy clients...

"After living in my old house for 35 years the prospect of selling up and downsizing was daunting, but Lucy was with me, every step of the way. I Cannot thank her enough."

Ms S, Oxfordshire

"As appointed Executors of an estate in Bourton-on-the-Water, we were totally unfamiliar with the area. Lucy ably assisted us in clearing and preparing the property for sale, and advised on reliable contacts and reputable estate agents. This help was invaluable."

Mr & Mrs S, Wiltshire

"Thank you so much for everything you did to ensure a super-smooth move and for connecting us with our movers, cleaners, and handyman. We genuinely could not have done it without you and your sympathetic and positive approach at a very stressful time was hugely appreciated."

Mr R. Gloucestershire

"Thank you so much for all your very hard work and support. It doesn't bear thinking about how we would have managed without you. We shall never forget your thoughtfulness, kindness and care and support throughout."

Mrs H, Worcestershire

Thinking about moving? But find the thought of it overwhelming?

Who are we?

Cotswold Move Manager is a professional and compassionate move management and house clearance company. We support individuals and families with the often daunting tasks of downsizing, transitioning into care and property clearing.

Whether you are in the early stages of rightsizing your home, preparing for a move to a retirement community or care home, or managing a property clearance following a move or bereavement, you can rest assured that every step will be planned and personally managed with care, kindness and discretion.

Established in 2022, we are proud to have supported many clients across the Cotswolds, Oxfordshire, Worcestershire and Warwickshire.

Who we work with?

We support private clients—typically older adults, retirees, or individuals managing health changes—who need dedicated help with preparing to move, moving home or clearing a property.

We also work with retirement developers, care facilities, solicitors, health professionals, estate agents, wealth managers, and charities.

Preparing a home for sale involves far more than just taking photos—it requires practical effort, physical presentation, and clear direction. We work directly by your side to manage every stage of property preparation, ensuring your home is presented at its absolute best to attract prospective buyers, stand out in the market, and secure the best possible offer.

We help clients prepare for a move by deciding what to bring and what to sell, donate, or recycle. Using a scaled floor plan, we confirm exactly how your furniture will fit in the new space. We handle excess items responsibly and coordinate the removal team, staying on hand on move day to get you comfortably settled into your new home.

Moving day shouldn't mean weeks of living amongst cardboard boxes. Our bespoke Unpacking & Home Settlement Service transforms your new house into a comfortable, fully functional home from day one, whether you just need a helping hand with key rooms like the kitchen and master suite, or a complete end-to-end service where every shelf is styled with care, and boxes are removed.
